Hi,
I am
Rael
Bricker

In 2013, I was given a rude awakening when after a season of triathlons, I decided to run a marathon. All this was part of a plan before turning 50. Each time I ran, I experienced neck pain and it was discovered that I had two blocked arteries.

I was the lucky one as I managed to dodge a bullet and ended up with two stents. Today I am probably back to close to my fitness and strength from 2013, but much more self aware of listening to my body.

This experience helped me to find my purpose in life; sharing the experiences of journeying and achieving excellence with business owners and entrepreneurs around the world.

From being 6000ft underground in a mine, to starting an education business (that grew to have 4000 plus students) to spending years working in venture capital, I have has seen it all. I have listed companies on multiple international stock exchanges, and my financial services group has settled more than \$3bn in loans over 20 years. I have a diverse work history combined with unique global research interviews with companies in more than 25 countries. Taking this knowledge and experience makes me perfect to work with leaders and managers on growing and achieving excellence, as I have experienced the rollercoaster myself, and know how to navigate the twists, turns and loops.

After 30+ years as a serial entrepreneur; in everything from education to finance, to fitness, I've now made it my mission to share my knowledge and expertise with others. Seeing that light come on, and connections being made in people's heads as to how they can weave my experiences and advice into their businesses reinforces that this is where I need to be.

I hold two Masters degrees; an MBA and MSc (Engineering) and am currently a Fellow of the MFAA (Mortgage and Finance Association of Australia), a Certified Speaking Professional (CSP) (Professional Speakers Australia) and a Member of AICD (Australian Institute of Company Directors).
